

**IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF TEXAS
TYLER DIVISION**

EMG TECHNOLOGY, LLC,

Plaintiff,

v.

AUTOZONE, INC.,

Defendant.

Case No. 6:13-cv-143 (MHS)

JURY TRIAL DEMANDED

FIRST AMENDED COMPLAINT FOR PATENT INFRINGEMENT

Plaintiff EMG Technology, LLC (“EMG”) alleges as follows for its First Amended Complaint (“FAC”) against Defendant AutoZone, Inc. ("AutoZone"):

JURISDICTION AND VENUE

1. This is an action for patent infringement in violation of the Patent Act of the United States, 35 U.S.C. §§ 1 et seq.
2. This Court has original and exclusive subject matter jurisdiction over the patent infringement claims for relief under 28 U.S.C. §§ 1331 and 1338(a).
3. The Court has personal jurisdiction over AutoZone because AutoZone has transacted and is transacting business in the Eastern District of Texas that includes, but is not limited to, the use and sale of products and systems that practice the subject matter claimed in the patents involved in this action.
4. Venue is proper in this district under 28 U.S.C. § 1391(b-c) and 1400(b) because a substantial part of the events or omissions giving rise to the claims occurred in this District

where AutoZone has done business and committed infringing acts and continues to do business and to commit infringing acts.

PARTIES

5. EMG is a limited liability company organized under the laws of the State of California with its principal place of business in Los Angeles, California.

6. EMG is informed and believes, and on that basis alleges, that AutoZone is a corporation organized under the laws of the Nevada, with its principal place of business at 123 South Front Street, Memphis, Tennessee 38103. EMG is further informed and believes, and on that basis alleges, that AutoZone is in the business of selling automotive replacement parts, accessories and related products, and that a significant portion of its revenue derives from the promotion and/or sale of its products and services through its Internet web sites, including at least the following web sites reformatted for use on portable devices and cellular phones capable of browsing the Internet using a small screen, located at <http://www.autozone.com>, and <http://m.autozone.com/autozone-mobile/en/home.do> (“Accused Instrumentalities”). EMG is informed and believes, and on that basis alleges, that, at all times relevant hereto, AutoZone has done and continues to do business in this judicial district.

PATENTS

7. United States Patent No. 7,441,196 (the “‘196 Patent”) entitled “Apparatus and Method of Manipulating a Region on a Wireless Device Screen for Viewing, Zooming and Scrolling Internet Content” was duly and legally issued on October 21, 2008. A true and correct copy of the ‘196 Patent is attached hereto as Exhibit “A” and incorporated herein by this reference. By a series of assignments, EMG is now the assignee of the entire right, title and

interest in and to the '196 Patent, including all rights to enforce the '196 Patent and to recover for infringement. The '196 Patent is valid and in force.

8. Following a reexamination of Patent No. 7,441,196, the United States Patent and Trademark Office issued an Inter Partes Reexamination Certificate, Number US 7,441,196 C1, on September 6, 2011. A true and correct copy of Inter Partes Reexamination Certificate, Number US 7,441,196 C1 is attached hereto as Exhibit "B" and incorporated herein by this reference. (United States Patent No. 7,441,196, together with *Inter Partes* Reexamination Certificate, Number US 7,441,196 C1, shall hereinafter be referred to as the "'196 Patent.").

FIRST CLAIM FOR RELIEF

Infringement of the '196 Patent

9. EMG refers to and incorporates herein by reference paragraphs 1-8.

10. AutoZone, by the acts complained of herein, and by making, using, selling, offering for sale, and/or importing in the United States, including in the Eastern District of Texas, instrumentalities embodying the invention, including the Accused Instrumentalities, has in the past, does now, and continues to infringe the '196 Patent directly, literally and/or under the doctrine of equivalents, in violation of 35 U.S.C. § 271.

11. AutoZone has had knowledge of the '196 Patent at least since the filing of the complaint. With knowledge of the '196 Patent and its infringement of the '196 Patent, AutoZone also has infringed and continues to infringe one or more of the '196 patent claims by actively inducing others, including at least users of portable devices and cellular phones in the United States, to display and navigate AutoZone's mobile website at <http://m.autozone.com/autozone-mobile/en/home.do> in a manner that infringes one or more claims of the '196 patent. For example, AutoZone intends to induce such infringement by,

among other things, automatically re-directing such users from its website at <http://www.autozone.com> to its mobile website knowing that the display and navigation of AutoZone's mobile site on a user's portable device or cell phone infringes one or more claims of the '196 patent.

12. By reason of the acts of AutoZone alleged herein, EMG has suffered damage in an amount to be proved at trial.

13. AutoZone threatens to continue to engage in the acts complained of herein and, unless restrained and enjoined, will continue to do so, all to EMG's irreparable injury. It would be difficult to ascertain the amount of compensation that would afford EMG adequate relief for such future and continuing acts, and a multiplicity of judicial proceedings would be required. EMG does not have an adequate remedy at law to compensate it for the injuries threatened.

JURY DEMAND

14. EMG demands a jury trial on all issues so triable.

PRAYER FOR RELIEF

WHEREFORE, EMG prays for relief as follows:

- A. For an order finding that the '196 Patent is valid and enforceable;
- B. For an order finding that AutoZone has infringed the '196 Patent directly, contributorily and/or by inducement, in violation of 35 U.S.C. § 271;
- C. For an order temporarily, preliminarily and permanently enjoining AutoZone, its officers, directors, agents, servants, affiliates, employees, subsidiaries, divisions, branches, parents, attorneys, representatives, privies, and all others acting in concert or participation with any of them, from infringing the '196 Patent directly, contributorily and/or by inducement, in violation of 35 U.S.C. § 271;

D. For an order directing AutoZone to file with the Court, and serve upon EMG's counsel, within thirty (30) days after entry of the order of injunction, a report setting forth the manner and form in which it has complied with the injunction;

E. For an order awarding EMG general and/or specific damages adequate to compensate EMG for the infringement by AutoZone, including a reasonable royalty and/or lost profits, in amounts to be fixed by the Court in accordance with proof, including enhanced and/or exemplary damages, as appropriate, as well as all of the profits or gains of any kind made by AutoZone from its acts of patent infringement;

F. For an order awarding EMG pre-judgment interest and post-judgment interest at the maximum rate allowed by law;

G. For an order requiring an accounting of the damages to which EMG is found to be entitled;

H. For an order declaring this to be an exceptional case pursuant to 35 U.S.C. § 285 and awarding EMG its attorneys' fees;

I. For an order awarding EMG its costs of court; and

J. For an order awarding EMG such other and further relief as the Court deems just and proper.
